

Percobaan 3 : Program Mengakses & Mengubah Isi Suatu Variabel Pointer

```
#include <stdio.h>
```

```
main()
```

```
{
```

```
    float d = 54.5f, *pd;
```

```
    printf("Isi d mula-mula = %g\n", d);
```

```
    pd = &d;
```

```
    *pd += 10;
```

```
    printf("Isi d sekarang = %g\n", d);
```

```
}
```
